Pixflow - CL-BlackMagic Lut Pack:

The CL-BlackMagic LUTs pack offers 23 high-quality LUT (.cube) files designed to recreate the cinematic look, color, and feel of BlackMagic cinema cameras. These LUTs are compatible with all major video editing, coloring, and video capture software such as Adobe After Effects, Premiere Pro, Final Cut Pro, and DaVinci Resolve.

- Universal Compatibility:** Works seamlessly with editing software like Adobe After Effects, Premiere Pro, Final Cut Pro, DaVinci Resolve, and OBS.
- High-Resolution Support:** LUTs are designed to work with up to 8K footage while preserving maximum color detail and clarity.
- One-Click Application:** Simple and easy for fast and effective color grading.
- Versatile Use:** Suitable for various types of content creation, including professional films, online videos, and live streaming.
- Color Detail Preservation:** Ensures that every color detail is maintained for the best visual results.
- Broad Camera Support:** Works with footage from any camera, not limited to Blackmagic models.
- High-Quality Elements:** Designed for professional colorists with meticulous attention to detail.
