Cinetoools Nightmare: "Nightmare" from Cinetoools is another terrifying collection tucked away from the dark. This vilely-crafted library offers terrifying and violent trailers with the most intense sounds. Are you scared?

From massive Cinematic smashes to chest-slamming blows, blood-freezing sweeps, and goosebumps-inducing reverses, terrifying and menacing stingers that feature harsh and aleatoric orchestral sound frightening shockers, tension-building spikes and shivering pulses, frightening drums and piercing stingers and terrifying whooshes, eerie textures, terrifyingly hypnotizing strings to psychotic distortions dangerous percussions and many more. This pack is great for suspense, thriller, or horror projects.

In the details, you receive five horror-themed Cinematic trailer cues, ready for use. The tracks are provided in industry standard 24-Bit/96kHz to guarantee the best level of quality to meet your Cinematic production requirements. Each track is BPM and key-coded to simplify selecting the right track. They can be used for any of your Cinematic productions without paying any licensing fees. We can tell you that the Series will allow you to make movie trailers that look professional in seconds.

It is perfect for Cinematic composition films, film scores, commercials, trailers advertising, and documentaries as background music. Additionally, it is suitable for productions ranging between Electro, Cinematic DnB, and Dubstep to Ambient for those who want to spice things up by adding something different.

Scary, Dark, Mysterious, Anxious. These words are the best description of the contents of this pack.

Please Note:

The Stems and tracks from the "Trailer Cues" Series cannot be used to make music tracks to be used by Library Music Companies.
