

Unity asset - AZURE Nature v1.1.5

2025-02-10 16:43:32 [label](#) [我要反馈](#) [下载页面](#)

Unity asset - AZURE Nature v1.1.5:

Render Pipeline Compatibility:

- **Built-in Render Pipeline:** Unity's default render pipeline, providing a general-purpose rendering solution with limited customization options.
- **Universal Render Pipeline (URP):** A Scriptable Render Pipeline offering quick and easy customization for optimized graphics across various platforms.
- **High Definition Render Pipeline (HDRP):** A Scriptable Render Pipeline enabling the creation of cutting-edge, high-fidelity graphics on high-end platforms.

Additional Compatibility Information:

The asset is initially configured for use with the Built-In render pipeline. To utilize it with URP, import the corresponding URP shader package matching your Unity version from the "URP Shaders" folder.

Description:

Unlock creative freedom with this high-quality and versatile asset pack, empowering you to customize assets for your game extensively. Utilize custom shaders to dynamically adjust colors and apply various coatings such as moss, snow, or other textures to models. Craft scenes depicting any season—summer, spring, winter, or autumn—with ease.

Package Contents:

Models:

- 5 Broadleaf Trees (2150 - 5450 tris)
- 5 Birch Trees (2300 - 4100 tris)
