Picture in Picture – Mouse Cursor VH-44940472: Effortlessly display a minor pop-up or image within FCPX! Your video will display in an authentic Mac Os window drawn with the mouse cursor.

This pack contains an assortment of images and PIP (Picture In picture) features to create a multi-screen video or to simultaneously show additional or multiple images or videos on the screen. You can quickly alter the size and orientation of the video using OSC (On screen controls) and set the shape of the mask (rectangle or square). You can also assign your video a name (optional).

How to create a multi-page video?

You can create a multi-page video using the "Picture in Picture – Mouse Cursor".

Where can I download the product?

After subscription, You can download it for free from here.

It is ideal for youtube videos and Instagram stories, TikTok or youtube and business presentations webinars, online course tutorials, event promotions, or corporate videos. This effect kit for pop-ups is an ideal instrument for Final Cut Pro video editors or designers, including video tutorials.
