#### HUD UI Game Warrior Screen 04 (VH 54701401) - AE Project:

The HUD Game UI is specifically crafted for the gaming industry, featuring a collection of HUD interface elements and a HUD UI display screen. The HUD Medical Pack is highly organized with main screens and asset elements grouped into folders for easy access, making it simple to assemble a professional HUD design. Built using After Effects shape layers, its vector-based elements allow for effortless resizing and editing. Additionally, the project offers a Smart Color Controller, enabling users to change colors globally or locally with just one click.

#### "HUD UI Game Warrior Screen" Sample:

- **ver 40 HUD Assets:** A comprehensive set of futuristic HUD (Heads-Up Display) assets, ideal for high-tech visual interfaces.
- **High Resolution:** Full HD resolution (1920×1080), ensuring clarity and quality for modern screen displays.
- **Compatibility:** Designed for After Effects CC 2020 and later versions, fully integrated without additional tools.
- **100% After Effects:** The assets are created entirely within After Effects, ensuring seamless workflow.
- **Transparency Feature:** Easily drag and drop HUD elements onto your footage, maintaining transparency for overlay effects.
- **Smart Color Control:** Includes both global and local color controllers for quick, centralized adjustments.
- **No Plugins Required:** No need for third-party plugins, making customization straightforward and accessible.
- **Customization:** Simple to modify, allowing users to adapt the HUD elements to fit specific project needs.
