Videohive 4500+ Graphics Pack V5

2025-02-10 16:39:32   label 我要反馈   下载页面

Videohive 4500+ Graphics Pack : Gaze Graphic Library is the only toolset for setup and effects that comes with over 4500 elements and presets that are two clicks and away from turning the work into an art piece. To give you a more user-friendly and speedier experience, this Graphics Library also includes AtomX Extension, an After Effects extension included inside the package. The extension is extremely simple to use, and since the toolkit comes with an extensive assortment of presets and elements, AtomX Extension just makes it much simpler to identify the proper tools for the job.
