- Find out how you can utilize this project to build models for different pictures of products.
- Learn how to render your video to a smaller file.

This course will be the basis for learning how to create animation within After Effects.

I started creating videos and animations about five years ago as a hobby.

Video Editing, Motion Graphics, and Visual Effects are my love. I am passionate about teaching as well as creating both online and online.

After Effects is what I am most passionate about every single day.

Your journey to mastery begins right now.

The field I work in is an opportunity for me. A keen eye and accuracy for detail are essential and could make the difference between a normal and an awe-inspiring animation.
