HUD Medical DNA1 (Videohive 52901075) - AE Project:

The "HUD Medical Pack" is a specialized set tailored for use in medical interface projects.

It features a HUD display screen and more than 30 individual HUD elements.

All assets are well-organized into folders to ensure easy navigation and assembly.

Built using After Effects shape layers, these vector-based elements are designed for easy editing and resizing.

The Smart Color Controller enables users to adjust colors both globally and locally with a single click.

This pack is compatible with After Effects CC 2020 and later versions, does not require any plugins, and supports transparency for seamless integration with existing footage.

It also offers straightforward customization and supports 3D objects in PNG format.
