#### Aescripts iExpressions 3 v3.2.005 (Win, Mac):

**New: Auto-Resizing Background Shape iExpression.** Create complicated templates based on expressions such as character rigs, shape animations, and much more without writing code!

iExpressions lets you utilize After Effects expressions without reading or writing even a single piece of code. It includes over 100 iExpressions each one with an intuitive and easy-to-navigate interface.

- More than 100 expressions
- simple interfaces, instead of programming code
- You can import your own phrases
- Your projects will continue to run on computers that iExpressions does not exist (as well as Premiere Pro Motion Graphics Templates)

#### New Changes:

- fixed compatibility with newer OS versions and added support for time-limited licenses
