2025-02-10 17:07:43 [label](#) [我要反馈](#) [下载页面](#)

In this package are 3 Custom produced Overlays based on 'Kodak Portra Film'

Since these Kind of scans generally only move like cease Movement, I really did my very best to provide them a filmic appearance

A natural look as though they were taken on picture for motion

Documents are Prores UHD 3840x2160 with some jpg also
