What is FILM EMULATION COLLECTION (Dailycine)?

FILM EMULATION COLLECTION by Dailycine is a set of presets designed to replicate the look and feel of various film stocks in your photos. The promise of "effortless charm" with a one-click application and the option for further customization makes it convenient for users who want a quick vintage or cinematic aesthetic.

The inclusion of intensity levels (Fine, Normal, and possibly another one cut off in your message) allows for a tailored approach to how pronounced the film effects are in your images. Bundling with FilmHalation+ Actions suggests an integrated solution for achieving both vintage appeal and authentic light effects.

- Multiplex: Elevate your images with three intensity levels – Fine, Normal, and.
- Customer support for any queries or assistance.
