Motion Blur Photo Effect - 282295178:

The "Motion Blur Photo Effect" is a versatile Photoshop tool designed to create high-quality, mesmerizing images with ease.

It uses Smart Object layers for full customization, allowing users to quickly replace placeholder images with their own graphics.

Simply double-click the layer thumbnail, add your content, save, and watch the effect apply instantly.

Users can also adjust various features to fine-tune the final composition.

What's included:

- 2 high-quality PSD files
- Resolutions: 4500x3000 px and 3000x4500 px, both at 300 dpi

This effect streamlines the process of adding professional motion blur effects to your images.
