## ID Photos Pro:

ID Photos Pro 8 is a professional software specifically designed for fast and automatic processing of ID photos (e.g., Passport, Visa) in accordance with ICAO and local regulations. With a built-in database of over 280 ID formats for 87+ countries, it offers unparalleled precision and speed, completing the entire process in just 10 seconds.

The software utilizes proprietary algorithms to automatically detect facial biometrics, align, and crop images based on specific passport requirements. It includes compliance certificates, printer compatibility, and biometric detection features for accurate results. ID Photos Pro 8 also provides job logs, statistics, and photo archiving capabilities, making it ideal for professional use. Additionally, it supports the French ePhoto format and is one of the few approved solutions for France's National ePhoto Program.
