

### Blender Market - Villagen

2025-02-10 16:48:32    [label](#)    [我要反馈](#)    [下载页面](#)

#### Blender Market - Villagen:

The Blender Geometry Nodes Village Generator, featured at SIGGRAPH 2022, allows users to create entire villages from a single curve effortlessly.

With a simple pen swipe, a village materializes, featuring randomized building scales and rotations.

#### The package includes:

- Village Generator
- Single Building Generator
- Castle Generator

All buildings are optimized for game use, with performance depending on system capabilities for large scenes.
