Marat Safin – Gala – Lightroom Preset Pack is a collection of 17 Lightroom and ACR (Adobe Camera Raw) presets created by the author from photos taken between 2011 and 2020.

How to adjust the contrast and brightness of images using presets in Lightroom?

You can use "Marat Safin – Gala – Lightroom Preset Pack" to edit your images.

Key presets include:

- **TW (2017):** High-contrast, cool-toned preset used for indoor portraits in cloudy conditions, reminiscent of Nikon D700 settings but with a cyan tint.
- **FL (2014):** Designed for outdoor twilight and overcast lighting, this preset is contrasty with detailed highlights and a warm tone.
- **AYa (2011-2013):** A neutral, voluminous preset with a subtle cold tint.
- **DK:** The most high-contrast preset, known for enhancing drama and deepening cold colors.
- **R (2016):** Versatile, contrasty preset for sunny, warm photos, enhancing warm color details.
- **BW (2013):** A very contrasty, noisy black and white preset that darkens reds and warm colors, designed for high-contrast skin tones.
- **DG (2015):** Features a cool cyan-green tint in shadows, darkening yellow and green colors while maintaining warm, uniform skin tones.

Each preset has been tailored to specific lighting conditions and photographic styles, offering a range of tonal adjustments and contrasts.
