**Create a Title Transition Template in After Effects:** Enhance the value of your video production by using consistent, brand-named transition animations. Whether you're new or skilled, you can learn how to design and then animate the shapes of your choice to create the illusion of transitions. Gain new knowledge on animating text using the animator and using the use of layer mask.

**The units in this course:**

- 1. Creating a Title Transition template in After Effects
- 2. Welcome, and what are the transitions?
- 3. Creating an easy shape
- 4. Creating an Advanced Motion Background
- 5. Text, Render, Congratulations!
