Art Digitization 101 by Michael David: This is the initial course in a series of two courses that will help you learn about digitizing your artwork for medium and small-sized art specifically to produce fine art-based products that showcase an artist's fine art, as well as creating extra income streams to the artists.

The course will take you through setting up the resources, capturing, and exploring a little bit of graphic design since you'll be required to format your capture in the right size and quality to be used in manufacturing.

Gfx plugin details of Art Digitization 101 by Michael David

The product is in the **Tutorial category**, for more information about this post you can click on the home page link in the sidebar.
