Weva Lightroom Preset Bundle:

WEVA Hindu Yellow Preset

Color your ethnic photographs with an elegant yellow hue with the most effective presets for Hindu wedding photos. Not only does it enhance your beautiful ethnic look, but it also highlights the background by bringing out its energy and radiance! This perfect design enhances your beautiful temple wedding photographs and traditional portraits.

How to use presets to change the color of your images to yellow?

You can change the color of your images using the "Weva Lightroom Preset Bundle".

Where can I download the product?

After subscription, You can download it for free from here.

WEVA Lamha White

Do you want to elevate your photography to a new level by adding soft pastels? Our new Preset for pastels includes delicate tints that help tone down the vivid shades. While providing a classic appearance to frames, The Preset will make the frames pop thanks to simple pastels and a stylish look!

WEVA Soft CH

Vintage white tones with soft tones continue to amaze us for a long time. The secret to preparing old-fashioned frames is to add a touch of softness and strengthen the neutrals to give a refreshing, visually pleasing experience. Grab the top Preset with soft hues to create the moody color you've always wanted!

WEVA Pink Rough

A subtle but distinct pink hue is perfect for adding spice to your Church wedding photos! We love tiny rough grain and stunning pink undertones for fantastic Western wedding designs and betrothal highlights. The latest Preset that we have for pink tones will amaze you with its top-quality design and quality standards for grading.

What is the Lightroom Preset Bundle?

A Lightroom Preset Bundle is a collection of pre-configured settings and adjustments in Adobe Lightroom that can be applied to your photos with a single click. These presets are designed to enhance the look and style of your images, saving you time on manual adjustments and providing consistency in your editing process. Lightroom presets are commonly used by photographers and hobbyists to achieve specific looks or moods in their photos.
