Doodle Sketch Your Life: Easy Techniques for Everyday Drawing: Have you ever found yourself at home, craving to create, sketch, or paint, but lacking the motivation and inspiration to start? We understand that inspiration is all around us, but sometimes it's challenging to recognize or easy to feel intimidated by subjects that aren't inherently awe-inspiring.

Well, in this class, we're going to flip that notion on its head. I'll take you on a journey through my life, offering glimpses through the windows of my sketchbook. I'll show you that you, too, can spend quality time creating enjoyable art, refining your skills, and sketching objects and scenes from your home and your life.

Aims of This Class: We'll explore how to use simple tools and everyday scenes to infuse a sketchbook with life and energy. Along the way, we'll delve into key artistic techniques and fundamentals that will enhance our knowledge and alleviate the pressure of creativity. We'll examine the concept of shapes, see how basic objects can evolve into intricate scenes, delve into shadows and minimalist colors, and uncover inspiration in every corner.

We aim to foster a lighthearted and mindful approach to our art, turning it into a source of relaxation after a long day or a means to energize and boost confidence.

Who is This Class For? This class welcomes beginners looking to develop their ink sketching skills, cultivate a mindful attitude toward art, or learn sketching and drawing fundamentals through a hands-on approach.
