A Graphic Design for Lunch™ Class: Seamless textures and halftones using Photoshop to create and sell the graphic design for Lunch(TM) Class

This course teaches you to create seamless halftones and textures within Adobe Photoshop. These patterns are available for sale as digital assets that can be incorporated with other patterns and used as backgrounds for different creative works. The possibilities are endless. The course can be completed with every version of Photoshop except the final lesson, which is based on a feature only available in Photoshop CC 2021 or later.

In this class, you will learn how to create these patterns and a lot of valuable techniques and tips for working with Adobe Photoshop daily.

Lessons in This Class:

- Photoshop Textures and Texture Halftones Introduction
- Pt 1 Texture Background
- The background of Pt2 Texture used in patterns
- 3. Texture of Halftone Pattern
- Point 4: Sharpen halftone textures.
- The 5th halftone with a sharpened version
- A Halftone Pt 6 texture used in patterns
- Pt 7 Halftone and Dots Layered Pattern
- 9. Photoshop Textures and Texture Halftones project, and wrap it up
