When generating our LUT collection, we actually wanted something That may be utilized beautifully in numerous scenarios, something which could Transform your work in what you'd envisioned for this, something which would Steal the show and take your audience's breaths off. So, we needed something which Would be equally ideal for a town wedding because it would be to get a directly-lit, Sunny desert that incredible greenery surrounded woods wedding, but Also ideal for softly window-lit insides. We desired color presets that Balanced colors once the sun is pouring in through the golden hour and if it's Fallen from the horizon and the entire world is gloomy before the shadow settles in.

We have Analyzed these LUTs on many camera bodies like Panasonic, Sony, Canon, and even RED footage and have loved seeing it come to life. All these LUTs have felt Richly adaptable to us and we're pleased to stand behind them.
