1.
2.

The Awards Bundle (Videohive 22481690) AE Project offers a professionally designed, modular photo-video gallery suitable for Adobe After Effects CS6 or higher.

How to design a wedding video slideshow in After Effects?

You can use the "Awards Bundle" to design your project.

With various components such as openers, bumpers, lower thirds, and more, it caters to showcasing awards nominations, wedding video slideshows, or television designs. Easy to customize with videos, images, and text editing, it's ready for rendering with included video tutorials.

Featuring a range of durations and compositions, it boasts a resolution of 1920x1080, frame rates of 25 or 29.97, and requires no plugins. This bundle provides a wealth of assistance for creating polished presentations.
