**PC Hardware Review - AE Project VH-43768050:** PC Hardware Review provides a technology-based After Effects template for reviewing and presentations.

It has exclusive 3D models that can be created using After Effects help—Twenty scenes you can utilize in your review videos.

This is an excellent method of promoting new hardware and comparing the two!

The project was done with love and neatly organized. It is fast and straightforward to use even if had never tried After Effects before.

- 3D models are also included.
- Full HD
- Controls are fast and efficient.
- Video assistance is included.
- Music and text links included
- No plugins required
