The best performances from the sessions with four keys and tempos were picked, transcribed, and tuned. Pro-vocal engineer and Grammy-nominated music producer Charlie McClean mixed and processed the vocal tracks with great care and attention to detail. She also lends her experience to editing and tuning vocals. Every single loop has been meticulously recorded and key-tagged.

Note: This sample pack is only vocals. The instrumental elements that are that are heard on the demo tracks are used for demonstration purposes only. Demo made by Capsun.
