Blender Market – Just Panels 3.1.5: Introducing the upgraded Just Panels, a tool designed for effortlessly creating dynamic panel surfaces, now with a remarkable addition—3D printable panels. This innovative product leverages an extensive library of KITOPS inserts, Decalmachine decals, Meshmachine plugs, and a specially crafted addon for unparalleled flexibility.

User Guide and Tutorials:

- The blender market page includes a comprehensive "Documentation" tab, offering in-depth insights into the addon's functionalities.
- The default hotkey for the addon is ALT + K, and it's customizable in preferences for a personalized workflow.
- Installation tutorials for KITOPS and DECALmachine are provided for seamless integration into your workflow.
- Detailed documentation for KITOPS and DECALmachine is available to guide you through the usage of these add-ons.
- Join the dedicated Discord server at gabe35's Discord server for support and assistance.

Serpens Addon:

- The addon heavily relies on Serpens, an addon for creating addons. Feel free to use the provided affiliate link to support the developer.

Experience the freedom of creating dynamic panels with Just Panels, offering an extensive library, robust customization options, and seamless integration with leading design tools. Explore the provided resources and tutorials to make the most of this powerful design tool.

- **Versatile Templates:** Access over 140 template panels through KITOPS, providing a broad range of design options for your projects. Additionally, there are 50+ detailed panels and 40 decals, including 25+ slice panels and ten screw heads with variations.
- **Customization Addon:** The included addon empowers you to craft your panels, eliminating dependency on external addons. This flexibility allows you to tailor your creations precisely to your needs.
- **Supported Products:** Just Panels integrates with popular design tools, including KIT OPS 2 PRO, KIT OPS 2 FREE, MESHmachine, and DECALmachine. Enhance your toolkit by exploring these linked products, as a percentage of sales goes to supporting the developer.
