What is Lightroom Presets - Unearthly Portrait?

"Lightroom Presets - Unearthly Portrait" is a set of pre-defined settings and adjustments for use in Adobe Lightroom, a popular photo editing software. These presets are specifically designed to enhance and stylize portrait photographs with an otherworldly or ethereal look, often featuring unique and surreal effects that transform the subject's appearance.

Using Unearthly Portrait Lightroom presets involves importing the preset files into Adobe Lightroom, selecting a portrait you want to edit, and applying the desired preset from the collection. After applying the preset, you can further adjust the settings to fine-tune the effect or match it to your specific preferences.
