Gpresets - The Twilight LUTs:

Together with Dawn Photo, we created the Twilight LUTS, which include 11 presets, each with a distinctive color grading design influenced by the glow and feeling of the Twilight movies. The goal was to achieve a cozy and cinematic aesthetic that works on all videos. These LUTs were designed to enhance deeper shadows and warmer highlights and create a desaturated tone that tells a more in-depth story and captures the feel of famed movie scenes.

This pack is aimed at videographers and content creators, enabling them to work more quickly, as each of these LUTs adds a cinematic touch to the footage. This allows them to tell a more straightforward yet powerful story, with drama and nostalgia in every frame.

The pack includes:

- Eleven LUTs: color and black and white options are included:
- Twilight - 1 - LUT
- Twilight - 2 - LUT
- Twilight - 3 - LUT
- Twilight - 4 - LUT
- Twilight - 5 - LUT
- Twilight - 6 - LUT
- Twilight - 7 Movie - LUT
- Twilight - 8 Movie - LUT
- Twilight - 9 Movie - LUT
- Twilight - 10 BW - LUT
- Twilight - 11 BW - 11 LUT

In conversion, the flat camera profile is used which maximizes the usability of different camera profiles.

For rapid storytelling, the Twilight LUTS are uniquely tailored to provide a comprehensive style to videos, thereby improving the editing speed consistency and targeting final cinematic scenes.
