Fashion Stories Pack - AE Project VH-35710800: After Effects stories pack for advertising an evening event, a festive party, or a professional gathering. The pack comes with 15 stories.

Make your mark with this modern and minimalist design. We boosted it up with crisp typography, large fonts, striking text graphics as well as a smooth animation. It looks great on TV screens and on social networks. It is customizable by using any typeface.

The project is simple to use: simply replace the text, add your media and then enjoy the outcome. It is a modular design that allows you to alter the duration as well as the components' order.
