### What are Horizon Panels?

Horizon Panels is a Blender extension to manage N-panels easily.

### Why do Horizon Panels?

We are using add-ons every day using Blender and also N-panels. However, the initial N-panels' design has some design problems. These are the two main ones of them:

- There is not enough space to show all tabs at once, and the N-panels grow.
- Tabs of N-panels are presented in a vertical manner, which makes it difficult to read

## Gfx plugin details of Blender Market – Horizon Panels

The product is in the **category from Blender Market**, for more information about this post you can click on the home page link in the sidebar.

### Tabs Organized in the category

There is no need to manage categories in the add-on preferences window Just on the spot.

### The Manage Tabs tab on Panels in The Category is Easy

Use the toggle checkbox to remove or add panels within the category.

### Multiple N-panels in Horizontal Tab

There are tabs that have multiple N-panels. There is no problem showing multiple panels on tabs that are horizontal, and you can select which one to display when you click tabs.
