Lost Audio Eon Premium Collection (WAV, MIDI):

Introducing "Eon" – an exceptional Serum preset pack and sample collection curated to blend the essence of Neo Trance and Y2K-inspired electronic music. Crafted by fellow producers who deeply understand the need for evocative sounds, this pack not only guarantees top-tier quality but also encapsulates the innovative, forward-thinking, yet nostalgic ambiance that characterizes these influential genres.

Within the Eon collection, you'll discover a versatile range of Pads, Leads, Basses, Arps, and Sequences, meticulously designed to spark your creative inspiration. Additionally, we've included Drum Breaks and thoughtfully selected samples to empower you in crafting the perfect rhythm section and infusing your productions with an extra layer of sonic richness.
