Ideal for film-inspired weddings and portrait photography The Noble Signature consistently applies balanced vibrant color, and vibrant tone to digital photos. The Signature was created for hybrid and digital photographers and photographers, the Signature replicates the light and airy appearance of real film, with cool greens, soft contrast, and fine-tuned grain. All done with just a few clicks. Make your workflow more efficient by utilizing more than 20 Enhancers that provide quick fixes that allow for a custom editing experience with consistently good results in a range of lighting scenarios.
