

Aescripts ColorSwap v1.0 (WIN, MAC)

2025-02-10 16:49:48 [label](#) [我要反馈](#) [下载页面](#)

Aescripts ColorSwap v1.0 (WIN, MAC): You can easily search and change colors in your project, your choice, or the entire project.

Find and replace colors easily.

How to change the hex code of each color in your document in Plugins?

You can use "Aescripts ColorSwap".

Where can I download the product?

After subscription, You can download it for free from here.

ColorSwap offers two essential but valuable capabilities:

- Find and substitute color. Search for color A and then replace it with color B.
- Swap colors Swap Color A for color B and color B for A.

You don't want to waste your time searching for properties of color, so this product is excellent for you.

In the world of comps, sub, comps, layer styles, and comps, ColorSwap is a game changer that lets me immediately swap out the hex code of every color in my document. It's been a lifesaver, particularly when a client requests you to change one color in the entire animation suite.

- You can easily adjust the search scope.
- Find the most recent competition by default.
- Switch between mini and regular interfaces to free up screen space.
- Compatible with After Effects 2023, 2022, 2021, and 2020
