Whether you are a budding photographer or Instagram Influencer, you can be more conspicuous with our magnificent Mega Package For Mobile & Desktop. Add heat, Higher contrast, and darkened tones To your own pictures and make a statement. This Lightroom Preset Collection is Perfect for portraits, family members, street-style photographs, travel, and fashion. They will Uplift both indoor and outdoor photographs. Boost the colors, add thickness, and Produce an exceptional collection with a unified genuine appearance and feel. The 200 Presets ( 100 XMP & 100 DNG documents ) will work flawlessly with your Pictures with a single click. For best results, every preset is made for Different light configurations allowing you to perform top quality editing.

## FIT WITH ANY DEVICE

### The package contains two distinct file formats

XMP - for simple Editing in your notebook DNG - for rapid correction on your cell apparatus All Presets from this collection match with the Paid and Free Models of Lightroom, on IOS, Android, MAC, and Windows. All images have a Distinct light atmosphere, but it's quite simple to resolve this with the vulnerability slider. Put the vulnerability from 0,30 to + 0,30 Depending upon Your picture, to get Your perfect mixture of colors and light. Oversaturated? Don't stress! To fix this issue all you want to do is to move the saturation slider up to -10. Use this advice to find fabulous effects on your exclusive photos. Watch out for More tips and techniques on our website.
