Winxvideo AI v3.9.0:

Winxvideo AI offers a comprehensive suite of AI-powered tools for video and image enhancement.

The latest updates include face restoration, photo colorization, and two new AI models.

The software allows users to upscale video and images to 4K, stabilize footage, boost frame rates to 120/240fps, and restore old or low-quality content.

It supports various video and image formats, providing features like GPU-accelerated conversion, compression, screen recording, and video editing.

Winxvideo AI is designed for a broad range of users, including photographers, vloggers, gamers, and educators, enabling them to create cinema-grade visuals and compelling content easily.
