Minimal Infographics ToolKit VH-34487333: Infographics ToolKit is a toolkit for After Effects, featuring different and highly customizable styles for charts such as line, bar, column circle, area pie, radial, triangular, and timeline as well as Maps. As in the promotional video, you can create different styles by using AE's easy-to-use controls. Ideal for corporate videos, forums, or conferences that will present company statistics and projections. Ideal to use for Social Media and Web / YouTube videos, as well as benchmarks, as well as for presenting the results of articles and illustrations of scientific research, and many more.

The Template includes Templates with 180 World Maps and Continents, all in vector/AE shape format. You can also upload your personal Map or substitute it with any other elements such as logo, icon, or any other text element that could be used as an image in the Chart.
