The pack includes the EPS and AI files that are editable and can be used for any reason. The elements are all vectors and are organized into layers and groups for easy editing using Illustrator as well as similar applications. Each set is split into separate folders for simple use of the whole megabundle.

What is included in this item?

- 13 AI10 files
- 13 EPS10 files
- 755 JPG (4000 pixels x 4000 pixels) (one to each individual character)
- 755 PNG (4000 x 4000 pixels) with a transparent background (one for each character)
