BRUSHES:

The first pack includes three handy brushes with Lightroom Classic & ACR Photoshop.

- Brush #1 - 'SATURATED SKIN FIX': It was brushed across the edge of the face. It's subtle but powerful.
- Brush #2 - 'POP OF COLOUR': The clothes were brushed, and the hairband
- Brush #3 - 'VELVET FINISH': saving the best to the last. Please give it a soft and creamy perfect touch.

These essential yet effective brushes are designed to be used once you have applied your preset or by hand editing for that extra cherry. Use the 'pop of color brush on clothes, grass, or any other item requiring extra color. The saturated fix' brush can fix your pinky, red, or sun-tanned skin. The 'Velvet Finish tool was developed to smudge across your entire photo to give it an elegant, creamy look. Increase or reduce the impact of one brush by moving the slider for 'amount' to either the left or right.
