- 1.
- 2.

The Quantum HUD Infographic bundle offers a comprehensive collection of both intricate HUD and information infographics alongside modular HUDs, allowing users to customize and create their own high-tech components.

How do HUDs allow users to customize and create their own advanced components in After Effects?

They can use "Quantum HUD Infographic" to design their project.

Building upon the success of previous releases, the Quantum package introduces a new level of sophistication with its modern and professional style. Key features include a resolution of 1920×1080, compatibility with After Effects CS5 and above, transparent components for use on any footage, and optional plugin support for advanced users.

"Quantum HUD Infographic" Samples:

The package includes a diverse range of components such as Solar, Earth Attacked, Human, and DNA, among others, along with pre-rendered 3D scenes including City, Battleship, and Rocket. Additionally, the bundle includes presentation trailers, complex HUD items, modular HUD elements, documentation, and overlay textures for added versatility.
