

Typographic Slides (Videohive 32453179) - AE Project

2025-02-10 17:03:12 label 我要反馈 下载页面

Typographic Slides (Videohive 32453179) offers a comprehensive package of 50 unique animated slides designed for Adobe After Effects versions CC2014 through CC2017.

How to edit slides beautifully?

You can use "Typographic Slides (Videohive 32453179)" in After Effect.

This collection includes an Adobe After Effects Project File with no plugins required, ensuring compatibility across all After Effects language versions with Universal Expressions.

The package also features a video tutorial for easy setup and customization, including full control over text, logo, and color settings.

Additionally, fonts required for the slides are freely accessible via an included link, providing a user-friendly and versatile solution for creating dynamic typographic presentations.

The After Effects project file is compatible with After Effects CC and includes 50 media placeholders and 50 text placeholders, all set at a resolution of 1920x1080.
