**Digital Slideshow (Videohive 22235314) - AE Project:** Digital templates allow you to create animated corporate videos or business videos. The project has a modular structure. You can swap out information blocks depending on what you want. If you want to give the impression that your company is modern and solid, video is a good choice. Even for non-AE users, it is very easy to use. The control layer is very basic. No plugins are required.
