ComponentAce Barcode .NET is a lightweight and flexible .NET course library that enables you to easily add high-quality barcode imaging and printing capabilities to your .NET software.

Barcode .NET supports many popular barcoding symbologies, automatically computes checksums, scales barcode images to match specified dimensions, or resizes the barcode based on predetermined XDimension (the width of the narrowest bar) and Broad To Narrow Ratio properties.

ComponentAce Barcode .NET Great Features:

- Automated checksum calculation for all supported symbologies
- Optionally climbs barcode image to match specified dimensions
- Can automatically resize the barcode based on specified XDimension (the width of the narrowest bar) and Broad To Narrow Ratio possessions
- Barcode turning support

- Codabar
- Code 128
- Code 3
- EAN 13
- EAN 8
- Industrial 2 Of 5
- Interleaved 2 O f5
- Plessey
- Code 11
- Code 93
- Ean 99
- GS1 128
- Isbn
- Itf 14
- JAN 13
- MSI
- Pharmacode
- Telepen
- UPCA
- UPCE
- Upc Supplement two
- Upc Supplement 5

- 100% managed code, entirely written in C#
- Error managing exclusively through .NET exceptions
- Strong named assembly
- Design-time service
- Contains WinForms control to incorporate barcode imaging into your Windows program
- Comprises a course that lets you draw barcode pictures on a Graphics object in Console, WinForms, or even ASP.NET software without producing the WinForms control
- It may be utilized whatsoever. NET language (C#, VB.NET, Managed C++)
- It May Be Used in WinForms, Console, and Internet programs.
- Intellisense service

- Automatic Visual Studio toolbox installation
- Single meeting to set up
- Straightforward XCopy installation
