Keep It Sample Luna Dark Techno (WAV): Step into the pulsating heartbeat of the dancefloor with LUNA, an essential journey into the depths of dark techno. Dark techno has made a triumphant return, seamlessly blending classic elements with fresh grooves and new vibes, establishing itself as the most untouched and bangin' genre in the scene. LUNA perfectly encapsulates this vibe, fusing the commanding power of contemporary grooves with the enigmatic warmth of analog synths. It's the genre that guarantees to set the dancefloor ablaze, preparing everyone for the next big festival!

This pack is a treasure trove of mind-blowing synth loops, thumping basslines, custom FX, killer drum samples, and versatile MIDI files, offering maximum creative flexibility. Mix and match elements to craft your unique tracks.

If your musical tastes align with artists such as Amelie Lens, Charlotte de Witte, SHDDR, ANNA, and I Hate Models, then LUNA is the sample pack designed specifically for you.
