What is Soundirective ILAI Genesis for Xfer Serum?

Soundirective ILAI Genesis for Xfer Serum is a sound or preset pack designed for the Xfer Serum software synthesizer. Xfer Serum is a popular virtual instrument used for sound design and music production, known for its flexibility and wide range of sound design possibilities.

Sound packs for synthesizers like Serum typically contain presets or sound patches that users can load into the synthesizer to create specific sounds, tones, or textures. These presets can save users time and provide inspiration for their music production.
