Unity Asset - Sectr Complete 2019 v2019.0.6:

SECTR COMPLETE 2019 is the ultimate toolkit for Unity, empowering developers to build and stream structured spaces seamlessly.

Render Pipeline Compatibility: SECTR COMPLETE 2019 supports Unity's Built-in Render Pipeline as well as the Universal Render Pipeline (URP) and the High Definition Render Pipeline (HDRP), ensuring compatibility across a wide range of graphics setups.

- **Seamless Scene Streaming:** Achieve fluid transitions between scenes for uninterrupted gameplay experiences.
- **Floating Point Solution:** Support for extra-large worlds with floating point precision.
- **Immersive Spatial Audio:** Enhance immersion with spatial audio, bringing environments to life.
- **Dynamic Occlusion Culling:** Optimize performance by dynamically culling occluded objects in real-time.
- **Versatile Application:** Suitable for both indoor and open-world scenes, catering to diverse project needs.
- **Complete PlayMaker Support:** Seamlessly integrate with PlayMaker for enhanced visual scripting capabilities.
- **Performance Optimization:** Constant profiling and hand optimization ensure optimal performance.
- **Demo Content:** Access a range of demo content to kickstart your development process.
- **Unity Compatibility:** Compatible with Unity 2018.3 LTS and above, across all render pipelines.

All SECTR modules come with complete source code, online support, and full compatibility with Unity Free, Unity Plus & Pro, as well as Unity Version Control.
