This Production Suite is a fusion of inspiration from early Jamaican Dub Reggae Music, Breakbeat, Jungle, UK Garage, and Drill, to the more modern sounds of Dubstep, Experimental Bass, and Bass House. Quest For Bass (QFB) is designed to elevate your production by embracing the rich history of Bass Music while propelling you into the next wave of sonic evolution.

EARLY ACCESS INCLUDES:

- BADDERS ABLETON PROJECT FILE:** Badders represents the modern evolution of Bass Music, blending UK drill influences with heavy basslines and UK Garage vibes. The Ableton project file includes Signature Serum Presets, Racks, and Drums inspired by this hit.
- BADDADAN ABLETON PROJECT FILE:** Liberate your Drum N Bass production with this Project File inspired by the acclaimed track "Baddadan." Chase & Status, O.G. Legends in Bass Music, showcases how high-quality sounds and memorable bass lines result in a hit. Exploring this project file offers valuable insights for any producer.
- INHALE EXHALE ABLETON PROJECT FILE:** Dive into the origins of Bass Music with "Inhale Exhale," showcasing the blend of traditional and contemporary elements. Packed with cutting-edge FM presets suitable for 140 Bass, Garage, Grime, and Experimental Bass, this project file is a heavyweight in production.
- HYDRATE ABLETON PROJECT FILE:** Hydrate is an incredible genre-blending record, seamlessly mixing UK Bass, elements of Jungle, and even Pop. This project file serves as a masterclass in incorporating different genres to create a new, never-heard-before style.
- TEARS ABLETON PROJECT FILE:** Another genre-blending masterpiece, Tears, combines UK Bass, Jungle, and Pop influences. This project file provides insight into effortlessly transitioning between multiple genres to create a unique and captivating arrangement.
- THE ULTIMATE VOCAL CHOP RACK:** Never chop another vocal again! The Ultimate Vocal Chop Rack caters to all your chop needs and has vowels, formants, and FM capabilities. Experiment with the Ableton Random button to discover unprecedented vocal presets.
