Aescripts Breeze V1.0: Effortlessly bring your designs to life with Breeze, the ultimate tool for creating stunning wavy animations in After Effects! Wave goodbye to static designs as you explore dynamic and engaging animations that add a new dimension to your projects.

Whether you're animating flags, flames, clothes, characters, or any other object, Breeze is the go-to tool for quick and easy animations. Its intuitive interface and advanced features empower you to create captivating animations with speed and efficiency.

Transform static designs into dynamic masterpieces and explore the endless possibilities of animation with Breeze. Breeze is the perfect companion for your After Effects projects if you're seeking a seamless way to breathe life into your objects.

- Apply multiple breezes on one-layer masks for versatile animations.
- Create wave movements in four directions, adding depth and dynamism to your layers.
- Access a variety of presets tailored for different wave styles, ensuring flexibility and ease of use.
- Enjoy the two-way breeze capability for enhanced animation control.
- Apply animations in two modes, Mask and Overall, providing versatility in your design approach.
