#### What is Gumroad – wParallax Bundle 1 and 2 One-Click-Interiors for Archviz?

"Gumroad – wParallax Bundle 1 and 2 One-Click-Interiors for Archviz" is a digital content bundle designed explicitly for architectural visualization (Archviz). This bundle includes 3D interior scenes and assets compatible with various 3D modeling and rendering software, including 3ds Max 2019, Cinema 4D R23, and their respective rendering engines (Corona, Vray, Arnold, Octane).

This collection of resources for architectural visualization (Archviz) and 3D rendering is primarily for 3D software like 3DS Max, Cinema 4D, and rendering engines such as Corona, Vray, Arnold, and Octane. Here's a breakdown of what's included:

**Collections:** This bundle includes three collections, each containing 15 daytime and 15 nighttime scenes for various types of interiors:

- Rooms Collection: These are likely interior room scenes for architectural visualization.
- Retail Collection: Scenes designed for retail spaces.
- Office Collection: Scenes suitable for office environments.
