Aescripts Topograph v1.0.2 - Full + Serial

2025-02-10 17:03:58　　label 我要反馈　　下载页面

Topograph brings Altitude maps and topography To After Effects! This effect enables you to create unique layouts and animations in your footage. It may be utilized for animating and also for designing one framework with interactive comments.

- **Create typographic maps**
- Topograph requires a picture, a movie, or some other source, such as Fractal sound, and create an altitude map from it.
- **A Layout Tool**
- More than simply maps, you can use Topograph for many Sorts of the layout procedure, as much for printing as for movement design.
- **Simple to animate**
- Topograph's instinctive UI Includes a great deal of control over a cartoon.
- **A Fantastic typography companion**
- The result also works nicely on almost any kind and maybe Easily employed for designing names.
- **How it functions**
- Topograph transforms an input picture To a 3D scene, then cuts the cake in several altitudes. Then brings the shape of every layer onto a 2D picture.
