The ABC of Packaging: Custom Mock-Ups: Have you ever thought about how to make your packaging projects appear real professionally? You're in the right spot! This class focuses on making custom mock-ups

In this class, you'll discover how to make mock-ups and why they're essential, and we'll go over what stage of your workflow to begin to think about mock-ups (spoiler warning: this isn't at the end!).

We'll discuss essential concepts for identifying and making realistic models, like light and composition. Then, lastly, we'll cover four different methods for creating mock-ups that you can apply to any design!

Who do you think this class is for?

If you're beginning your journey into design and are interested in learning more about mock-ups, their purpose, why they're essential, and how to make mock-ups, or a skilled designer looking to boost your mock-up game for the next presentation you give to clients!
