Make sure Audio Output is checked if you are taking output with music.

Now click ok and enjoy.

What is Fashion Minimal Opener?

A "Fashion Minimal Opener" typically refers to a short video or animated sequence used in the context of fashion-related content. This could be an opening sequence for a fashion show, a promotional video for a fashion brand, or an introduction to fashion-related content on social media platforms. "Minimal" suggests that the design and style are kept simple, clean, and uncluttered.
